

Indian University Students Visit USA for Summer Training

Students of Manav Rachna International University, Lovely Professional University, Chitkara University, Sharda and Amity University had the opportunity of visiting State of Ohio during June and July 2013. The tour was organized by *Prof. Sunil Garg, Senior Life Member of Indian Institute of Metals*, a Management & Engineering Faculty and Vice-President of 9-Global Institute of Management & Leadership, Ohio, Inc. USA

102 students of Management and Engineering underwent five weeks training in Information Technology and Operation Management at the scenic campus of HIRAM College, near Cleveland, Ohio, a prestigious College, established in 1850.

All students stayed at Hiram's campus for 5 weeks with International students, earned a US University Certificate, visited ArcelorMittal Steel Plant, General Motors, Sherwin-Williams and Great Lakes NASA Glenn Science Center. Sightseeing and Cultural Tours included Niagara Falls, Cedar Point, Skydiving Academy and a lunch hosted by the President of the India Community Center in Cleveland.

The unique opportunity of International Co-operation between Indian and US University students is planned as an annual event. 9-Global has endeavour of taking around 300 students in Summer Vacations of 2014 to four different State Universities in USA.

9-Global is encouraging students and Universities to sign up for the US experience of a lifetime.
